According to announcements from the headquarters of both teams tonight, Claude Williams, the southpaw, will pitch for the White Sox tomorrow and Harry Balke, likewise a left-hander, will work for Moran's team.

CINCINNATI Oct. 1.—Cincinnati today won the opening game of the world series from the Chicago Americans by a score of 9 to 1.

Every series develops a new idol and Walter Ruether, who pitched the Reds to victory, was the unanimous choice tonight. He not only held the White Sox to six scattered hits and really deserved a shutout, but rolled up a batting average of .900 for himself.

If there was anything in the game that was better than his hurling, it was his work with the stick. Two of his three hits were mighty trifles that he runs around himself and was the instigator of the mad romping of red sox around the bases in the fateful fourth. The Sox were in the fight up to that time, but when he propelled the ball into No Man's Land in center and romped around to third while two went ahead of him, the heart seemed to go out of the American leaguers.

Sad for Crooks.

It was a sad day for Eddie Crooks, leading pitcher of the junior league. New York was beaten 6 to 3, and a howling audience in the Michigan semiprime. He was simply pounded out of the box. Five runs were recorded against him in the fourth before Manager Gleason gave him the sign to retire. His team mates gathered around him and patted him encouragingly on the back as he walked from the diamond without head hanging.

Worthington surprised him on the mound while the last inning was pitched by Grinner Bowdern, but it made little difference to the National league champions. They kept the air fairly charged with fugitive flies while the Sox fielders showed terrific fire.

After the game, Harry Herrmann owner of the Reds who came panting up the runway of the grandstand, was in no mood enough to be met by friends.

These desperates that were figuring themselves off didn't figure on my hurling pitchers. We've got more like them than they've ever been hitting around 300 all season.

The day was clear and hot and 20,000 enthusiastic witnesses the contest climaxed has always been known as a thundergoing baseball game, especially the last game in good season so far, but nerves were on edge. Crooks with the importance of the struggle in view. This was made evident by the almost terrorizing of the waves of cheering until the inundation of fans in the fourth relaxed the tension and the cheering became wild and prolonged. Cincinnati made the first score in the first, but as the game proceeded afterwards the two sides in warlike manner exchanged blows. It was still early in the afternoon, but

Crooks started the game off by himself by passing back and forth between the shoulders and he looked a little worried as the Red second baseman, a former Sox outfielder, showed his unequalled increment in the last four.

The visiting twirler put on the attack as far as Duhon, who started sending balls of his own. The latter scored on Grinner's sacrifice fly to left, giving the Reds the first of the game.

But errors scarcely accounted for the lone hit tally received in the opening half of the second.

Jackson responded to Kueger with three wild and fast and the runner reached second. Fries advanced him with a sacrifice and taken down at the back of second and Jackson trotted home with the tying run. The theories change thereafter as far as the firm act in the field. Duhon, by the way, was the man and the star.

Then Reuther hit.

The fourth inning opened with a fly to Roush in right. Duhon singled to right but was forced by Roush. Neals and Fries were added and two fielders with as many as ten rounds sending Roush to third. The twirler was sent home. Roush was called out and the game was over.

in State Attest
Feelings Held.

Thousands of Tulsans are anxious awaiting to give a genuine and rousing welcome to the "Senator from Missouri" who is scheduled to arrive in Tulsa at noon, coming from Oklahoma City, where an evening of meetings and appeals has unfinished stand against the League of Nations, despite against his meetings by the mayors of both cities. Tulsa is just waiting for the opportunity to let Senator Reed know that his stand against drawing the United States into international controversies is wholeheartedly applauded.

For the Tulsa speaking date at Convention hall at 8 o'clock tonight all arrangements have been made. The doors will open at 6 o'clock. It is expected that the hall will have been filled to its capacity long before the hour of the opening of the program and that thousands will have to be turned away.

Many Delegations Coming.

Many hundreds of visitors from surrounding towns will be in Tulsa to hear the League of Nations placed in its proper category. Reservations were made yesterday for a delegation of 125 from Sapulpa and a block of seats for a delegation from Muskogee.

Visita Colcord, Coweta, Claremore, Broken Arrow and Highgate will send large delegations to the meeting.

And as for Tulsa, only lack of seating capacity will keep the whole city away. The Magic City is preparing to register its unqualified disapproval of the proposed international league.

A reception committee will meet Senator Reed at the Frisco station and send him to Hotel Tulsa where he will be the guest of honor at a joint meeting of the Lions and City clubs. The senator will deliver a brief speech at this luncheon and in the afternoon will receive visitors informally in his suite of rooms reserved for the local committee.

An informal dinner will be given for the champion of "America First" at the hotel at 6 o'clock. Only members of the meeting will be present.

Sentiment Against League.

It is certain that the largest crowd ever packed into Convention hall will hear Senator Reed Thursday night," said A. E. Sweeney, secretary of the committee last night.

The meetings in Muskogee and Bartlesville, Oct. 1, came after J. F. Duray had been accepted. While all of the details concerning the transfer of the administration of the railroads Thessalon holdings could not be learned, it is understood that the various lessors and operators in the cases, including the railroads, insisted that a practical bill be passed appointing as receiver and Judge Williams selected Lyons for the position.

There is in the hands of the seven in these cases from one to three million dollars in judgments against the railroads awaiting the final decision of the courts and the possibility of recovery of one or a monetary stamp on one of the railroads.

Further trouble the big plants in operation in this section have been created by the fact that the government has little information to import export the daily rates that more men are applying for work each day.

ROSS LILLARD TELLS HIS PLATFORM TO FOLLOWERS

OKLAHOMA CITY, Oct. 1.—"I am running for Congress in the Fifth district on the platform of 100 per cent Americanism." Ross Lillard, city councilman, announced to a small audience that had assembled in the county courthouse last night for the purpose of forming a Lillard for Congress club.

He also made it plain that he was going after the soldiers vote and that he favored the government having all discharged soldiers as much as \$4,000 at 5 per cent interest payable from date in forty years.

Today The World will give the same kind of support to the campaign.

Cincinnati made the first move in the first, but as the game proceeded afterwards the two sides in warlike manner exchanged blows.

The visiting twirler put on the attack as far as Duhon, who started sending balls of his own.

GARY SAYS OPEN SHOP SOLE ISSUE IN STEEL STRIKERight of Man to Work
Irrespective of Unions Involved.**"STRIKE IS FAILING"**"Will Not Yield," Corpora-
tion Head Asserts
Before Committee.**SEES DECAY OF INDUSTRY**

Labor Movement Means a Condition Similar to That of England.

WASHINGTON, Oct. 1.—Declaring that the question of the open shop—the right of a man to work irrespective of whether he is a member of a labor union—was the sole issue in the nation-wide steel strike, Judge Elbert H. Gary, chairman of the board of the United States Steel corporation, told the Senate committee investigating the strike today that his corporation would never yield. Even now, he said, the strike is failing.

There was no reason for this strike, said Mr. Gary. "The men did not want it. It was filled on the part of the public by the dandies of labor unions. The open shop is the question here—the right to bring about fastest production with only the interests of the employee, the employer and the public in sight."

Labor leaders, he told the committee, were seeking to unionize all industry in the country. Should their efforts be successful, he asserted, industrial decay would follow.

Tappan, who was business man here, succumbed in a local hospital late today to the wounds he received in the mass meeting at the Carter county courthouse yesterday. The negro escaped. The Wimber home is in the heart of Omaha's "black belt" which is under control of the military authorities under the command of Major General Leonard Wood.

Mrs. Wimber, white woman, was

blown to pieces in a bomb which exploded in the rear of her home this afternoon. The negro escaped. The Wimber home is in the heart of Omaha's "black belt" which is under control of the military authorities under the command of Major General Leonard Wood.

Lee was said to have been shot accidentally, while Tappan and Proctor were wounded during the fighting. Charles Pratt, deputy sheriff, who was killed when the latter was shot with Atkins when the latter was wounded, was wounded in the knee. Tappan and Proctor are members of the local post of the American Legion.

Mr. Gary had not concluded his testimony tonight and will be examined again tomorrow. He gave way for an hour today to several delegations of the corporation's officials, who told the committee they knew of no reason for the strike. All agreed that the men who volunteered to strike had been swayed by the dandies of labor unions and one of them, John J. Martin, a Youngstown machinist, attacked the leaders of the national steel workers committee.

"I think John Fitzpatrick (chairman of the workers committee) and W. Z. Foster (secretary of the committee) as an anti-slavery leader, were heading a band of dandies who will overthrow the government if they are not stopped," said Martin.

He explained that he himself for many years was a union man. They were engaged, he said, in "scuttling the American Federation of Labor."

Terrorized.

Martin testified that the steel employees at Youngstown, "American and foreigners alike," had been terrorized by threats to burn houses and kill children.

Mr. Gary also said in the course of his testimony that the company had much hearsay evidence that such threats had been made against him.

Women and children at Elaine and vicinity are being brought to Omaha on a special train for safety, it is reported here.

The local situation is tense, but no trouble has broken out here. Armed men are patrolling the streets.

An engineer of the Missouri Pacific railroad, who arrived in Helena tonight, said he pulled a steel gondola loaded with women and children out of Elaine late today and that his train was fired upon by negroes from trees along the track.

The white men who were on board the train were not injured in the attack.

SELLING TEA IS SERIOUS CRIME IN BORDER STATE

FORT SMITH, Ark., Oct. 1.—It is a greater offense in tea sell than whiskey in Arkansas according to a ruling made by the supreme court today in the case of W. H. Hobbs v. Phillips.

Hobbs was convicted here last June on charges of obtaining money under false pretenses. He sold tea for whiskey, according to the evidence.

The same jury also convicted him of selling real whiskey and gave him a year's sentence.

The supreme court affirmed both sentences.

Automobile Is Held.

J. M. Edwards of Tulsa was arrested yesterday and an automobile which he was driving is being held by the authorities.

It is thought that the car was used in the shooting of Judge Williams as described by the police, but no amount of investigation has been able to identify the car.

The car was seized by the police and was held in custody.

The car was held in custody.

Two White Men and Seven Negroes Are Known to Be Dead at Elaine in Clash Between Posse and Blacks.

SLAYING OF RAILROAD AGENT CAUSE

Is Killed From Ambush—City Quiet at Midnight But Situation Is Tense and Battle Is Expected to Be Renewed Today.

HELENA, Ark., Oct. 1.—Elaine at midnight was quiet. This quiet, however, holds the tenseness of waiting. At dawn the posse are expected to begin a hunt for the disaffected negroes of the southern part of the county, who are said to be waiting for them in the canebrakes.

HELENA, Ark., Oct. 1.—Two white men, Clinton Lee and J. A. Tappan of Helena, and seven negroes are known to be dead, as the result of clashes today at Elaine, near here, between a crowd of negroes and a posse searching for the persons who last night from ambush fired upon and killed W. D. Adkins, railroad special agent, according to reports reaching here tonight. A third man, Ira Proctor, and a number of negroes are known to have been wounded. Troops from Camp Pike, at Little Rock, armed with machine guns, are said to be en route to Elaine.

NEGRO MAKES ATTACK ON WOMAN IN OMAHA

Black Escapes in District Which Is Under Control of Military Authorities on Guard.

OMAHA, Oct. 1.—Mrs. W. G. Warner, white woman, was seriously injured by a negro who shot her in the head this afternoon.

The negro escaped. The Warner home is in the heart of Omaha's "black belt" which is under control of the military authorities under the command of Major General Leonard Wood.

Mrs. Warner was found bound and gagged, lying unconscious in a shed in the rear of her home when the negro was shot.
